*CT Family Outcome Survey Measure 32 = Birth to Three helped me to figure out solutions to problems as they come up (Percent that Strongly Agree or Very Strongly Agree)

**Child Outcome 2 (acquisition and use of knowledge and skills including early language/communication) - OSEP Summary Statement 1 - Percent of Children who "substantially increased their rate of growth"

Readers should recall that a small N has a large impact on the % and the ranking. Means and Standard Deviations are calculated for each program size group.
